## **Term 3 Week 4 2023** **Principal Notes**

### **A successful Togetherness Day**

Last week our school hosted a very successful first 'Togetherness' Day, coinciding with the recent NAIDOC Week and Last Week's Education Week. Approximately 200 people, students, community and education staff attended our school for a day of connection, yarns, mingling and cultural activities. We were joined by Copmanhurst PS, Cowper PS and Grafton High School. Students rotated in groups to join in to each cultural activity, while community and visitors watched along and enjoyed catching up with old friends, colleagues and family members.

The day has been deemed such a success, conversations for planning for next year have already begun! Thankyou to the band of helpers and those contributed to making the day such a success!

### **Morning and Afternoon Routines**

If your child misses the bus when it stops at your stop in the mornings, you are expected to bring your child to school, or call the school to communicate regarding non-attendance if they are going to be late or not attending. The bus usually beeps and waits for approximately 1-2 minutes if your child is not out the front and waiting. If your child is to be dropped at an alternate location in the afternoons, please call the school before 2:30pm, so that the message can be given to the correct staff who are driving the bus in the afternoon. Thankyou parents who have already been doing this.

### **Jarjum Day**

We are keen to have more parents, carers and community help out and get involved with the students and staff at Jarjum Day, every second Thursday afternoon. The New School of Arts, Local Land Councils and Baryulgil Public School have collaborated to provide lunch and activities for the students, staff and adults in the community. We would love to see more faces and services attending the day! Please contact the school or Baryulgil Community Centre to find out more information and to become involved in the afternoon.

### **School Photo Day**

On Thursday 24th August we will have our photographers out to take class photos & student portraits. Please ensure students are wearing full school uniform (Baryulgil PS shirt & black shorts) Order forms to purchase photos are at the front desk with Bianca and some students still have flood funding that can be used to purchase these.

With warm regards,

*Ashli*

# Coming Soon
